

WDFW CULVERT IMPROVEMENT PROJECT CONTRACT 2013-04 ADDENDUM 1

This addendum provides information on utilities located in the work area. A utility locate found a Century Tel phone line along the east side of the road around both culverts. The Contractor is responsible for coordinating with the utility company to work around the phone line.

The Contractor will still be required to contact the Utility Location Request Center before starting any earthwork.

All terms and conditions of the Bid Documents, except as specifically modified by this addenda, remain in full force.

Dated this 12th day of April 2013.
